AUTHORITY: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Request to be Selected as Payee information collection. Benefits are payable by the DOL to miners who are totally disabled due to pneumoconiosis and to

certain survivors of a miner under the Federal Mine Safety and Health Act of 1977, as amended (30 U.S.C. 901 et seq.). If a beneficiary is incapable of handling his/her affairs, the person or institution responsible for the beneficiary's care is required to apply to receive the benefit payments on the beneficiary's behalf. A representative payee applicant completes and submits Form CM-910 for evaluation to the district office that has jurisdiction over the beneficiary's claim file. This information collection has been classified as a revision, because of minor clarifications to Form CM-910 to allow applicants better to understand what information they need to provide. In addition, an accommodation statement has been added to Form CM-910 to inform applicants with mental or physical limitations to contact the Division of Coal Mine Workers' Compensation if further assistance is needed in the claims process. The Black Lung Benefits Act authorizes this information collection. See 30 U.S.C. 923, 936.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0010. The current approval is scheduled to expire on May 31, 2015; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval.

For additional substantive information about this ICR, see the related notice published in the Federal Register on December 10, 2014 (79 FR 73340).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1240-0010. The OMB is particularly interested in comments that:
